Agenda

1. Introductions
2. Overview
3. How to register
4. Q & A

Begin with the end in mind

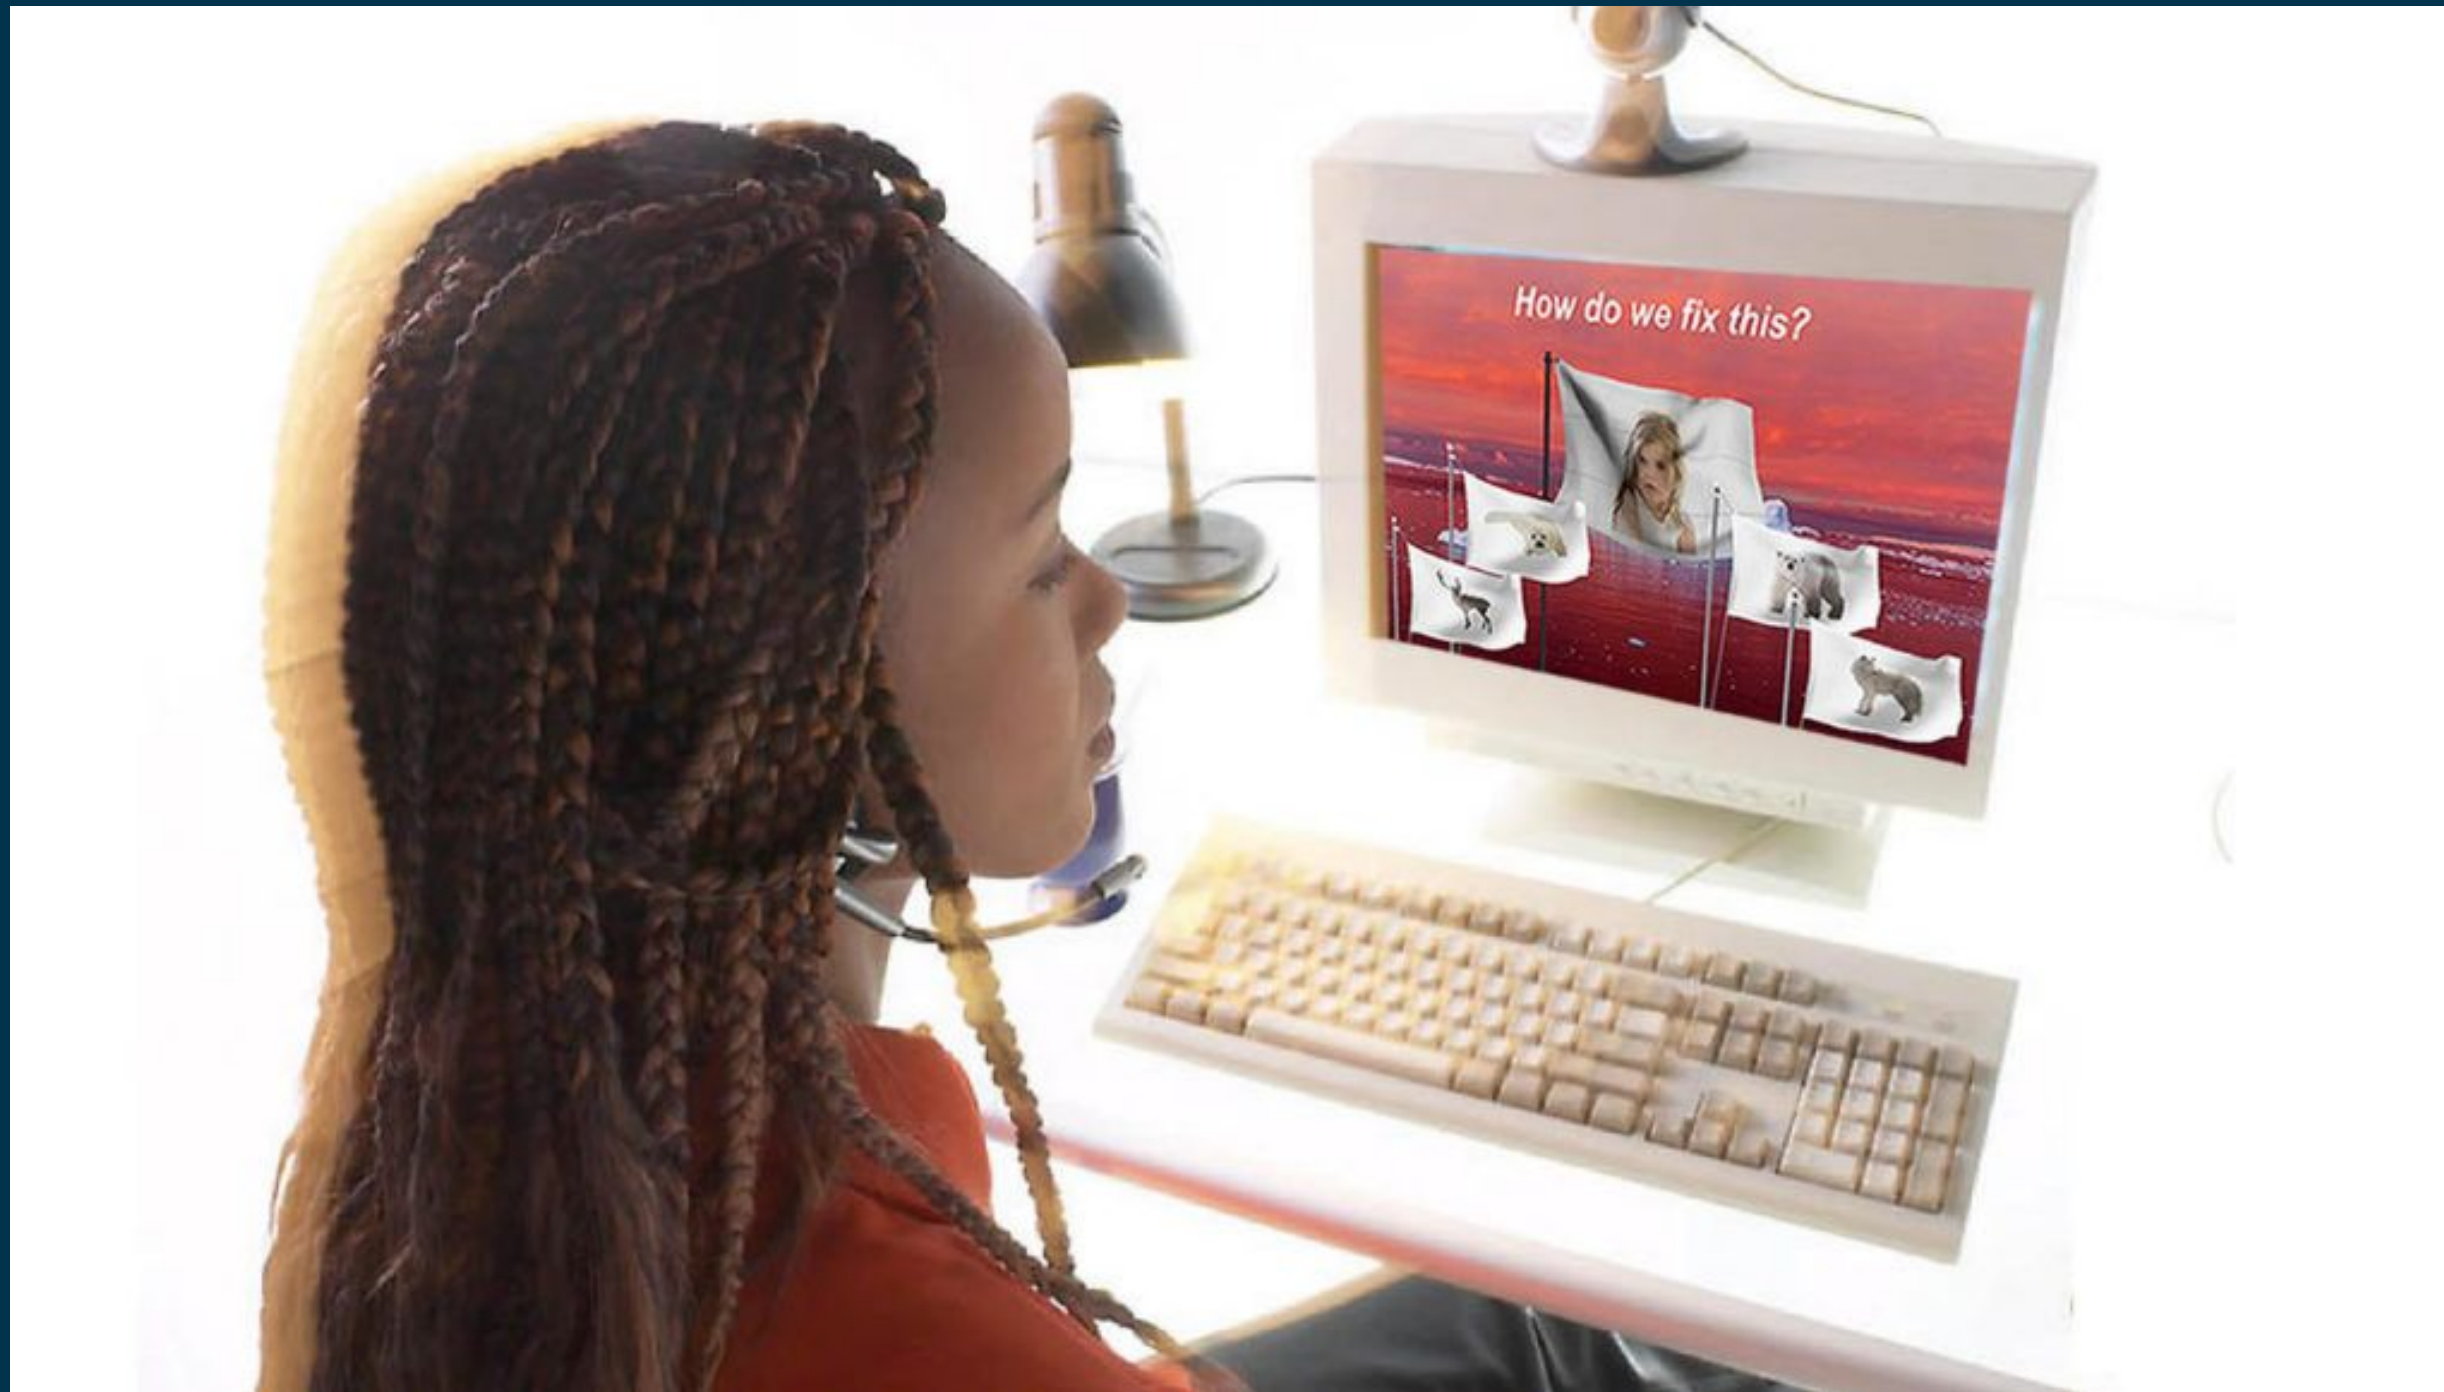

To increase support for powerful and evidence-based climate policies around the world.

Citizens' Climate International

Shape your world. CitizensClimate.earth

1st Assumption

To increase carbon pricing literacy we need to foster

1. Imagination
2. Political will
3. Youth voices

Citizens' Climate International

Shape your world. CitizensClimate.earth

2nd Assumption

We see the bigger picture

Carbon pricing is not the only policy we need for a liveable planet but it is a key policy.

We support all evidence-based and socially-just policies.

We are focused on Climate Income because it is a lot of work to train and support people to champion it.

Our youth leaders asked for this training and support.

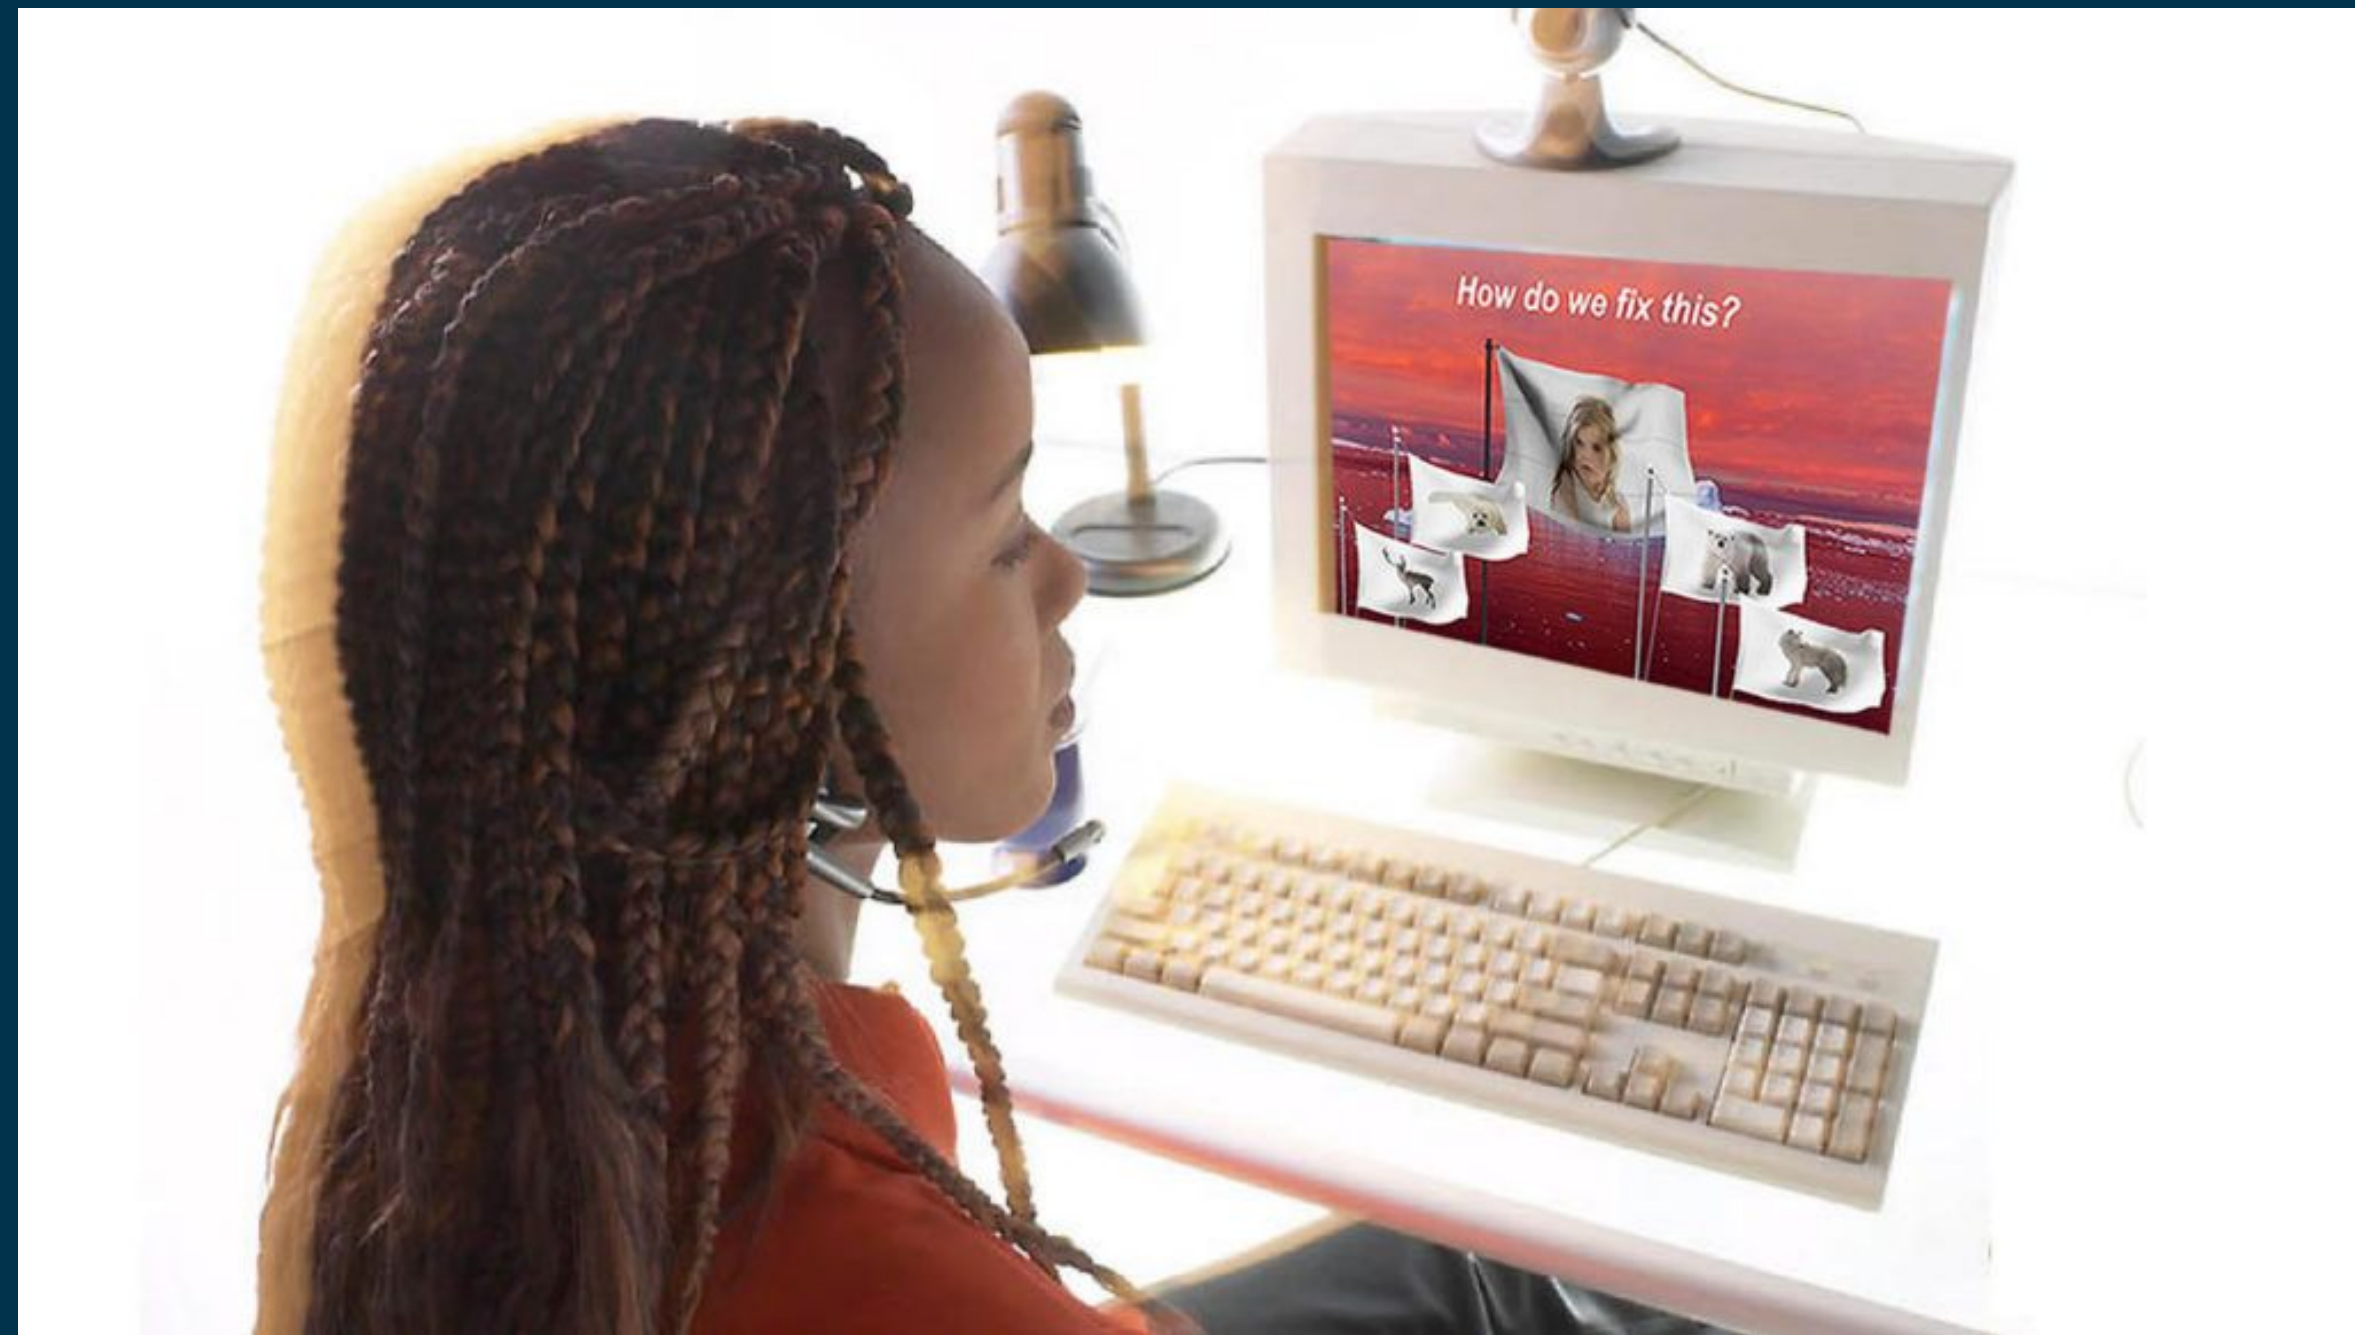

Citizens' Climate International

Shape your world. CitizensClimate.earth

Overarching Goal

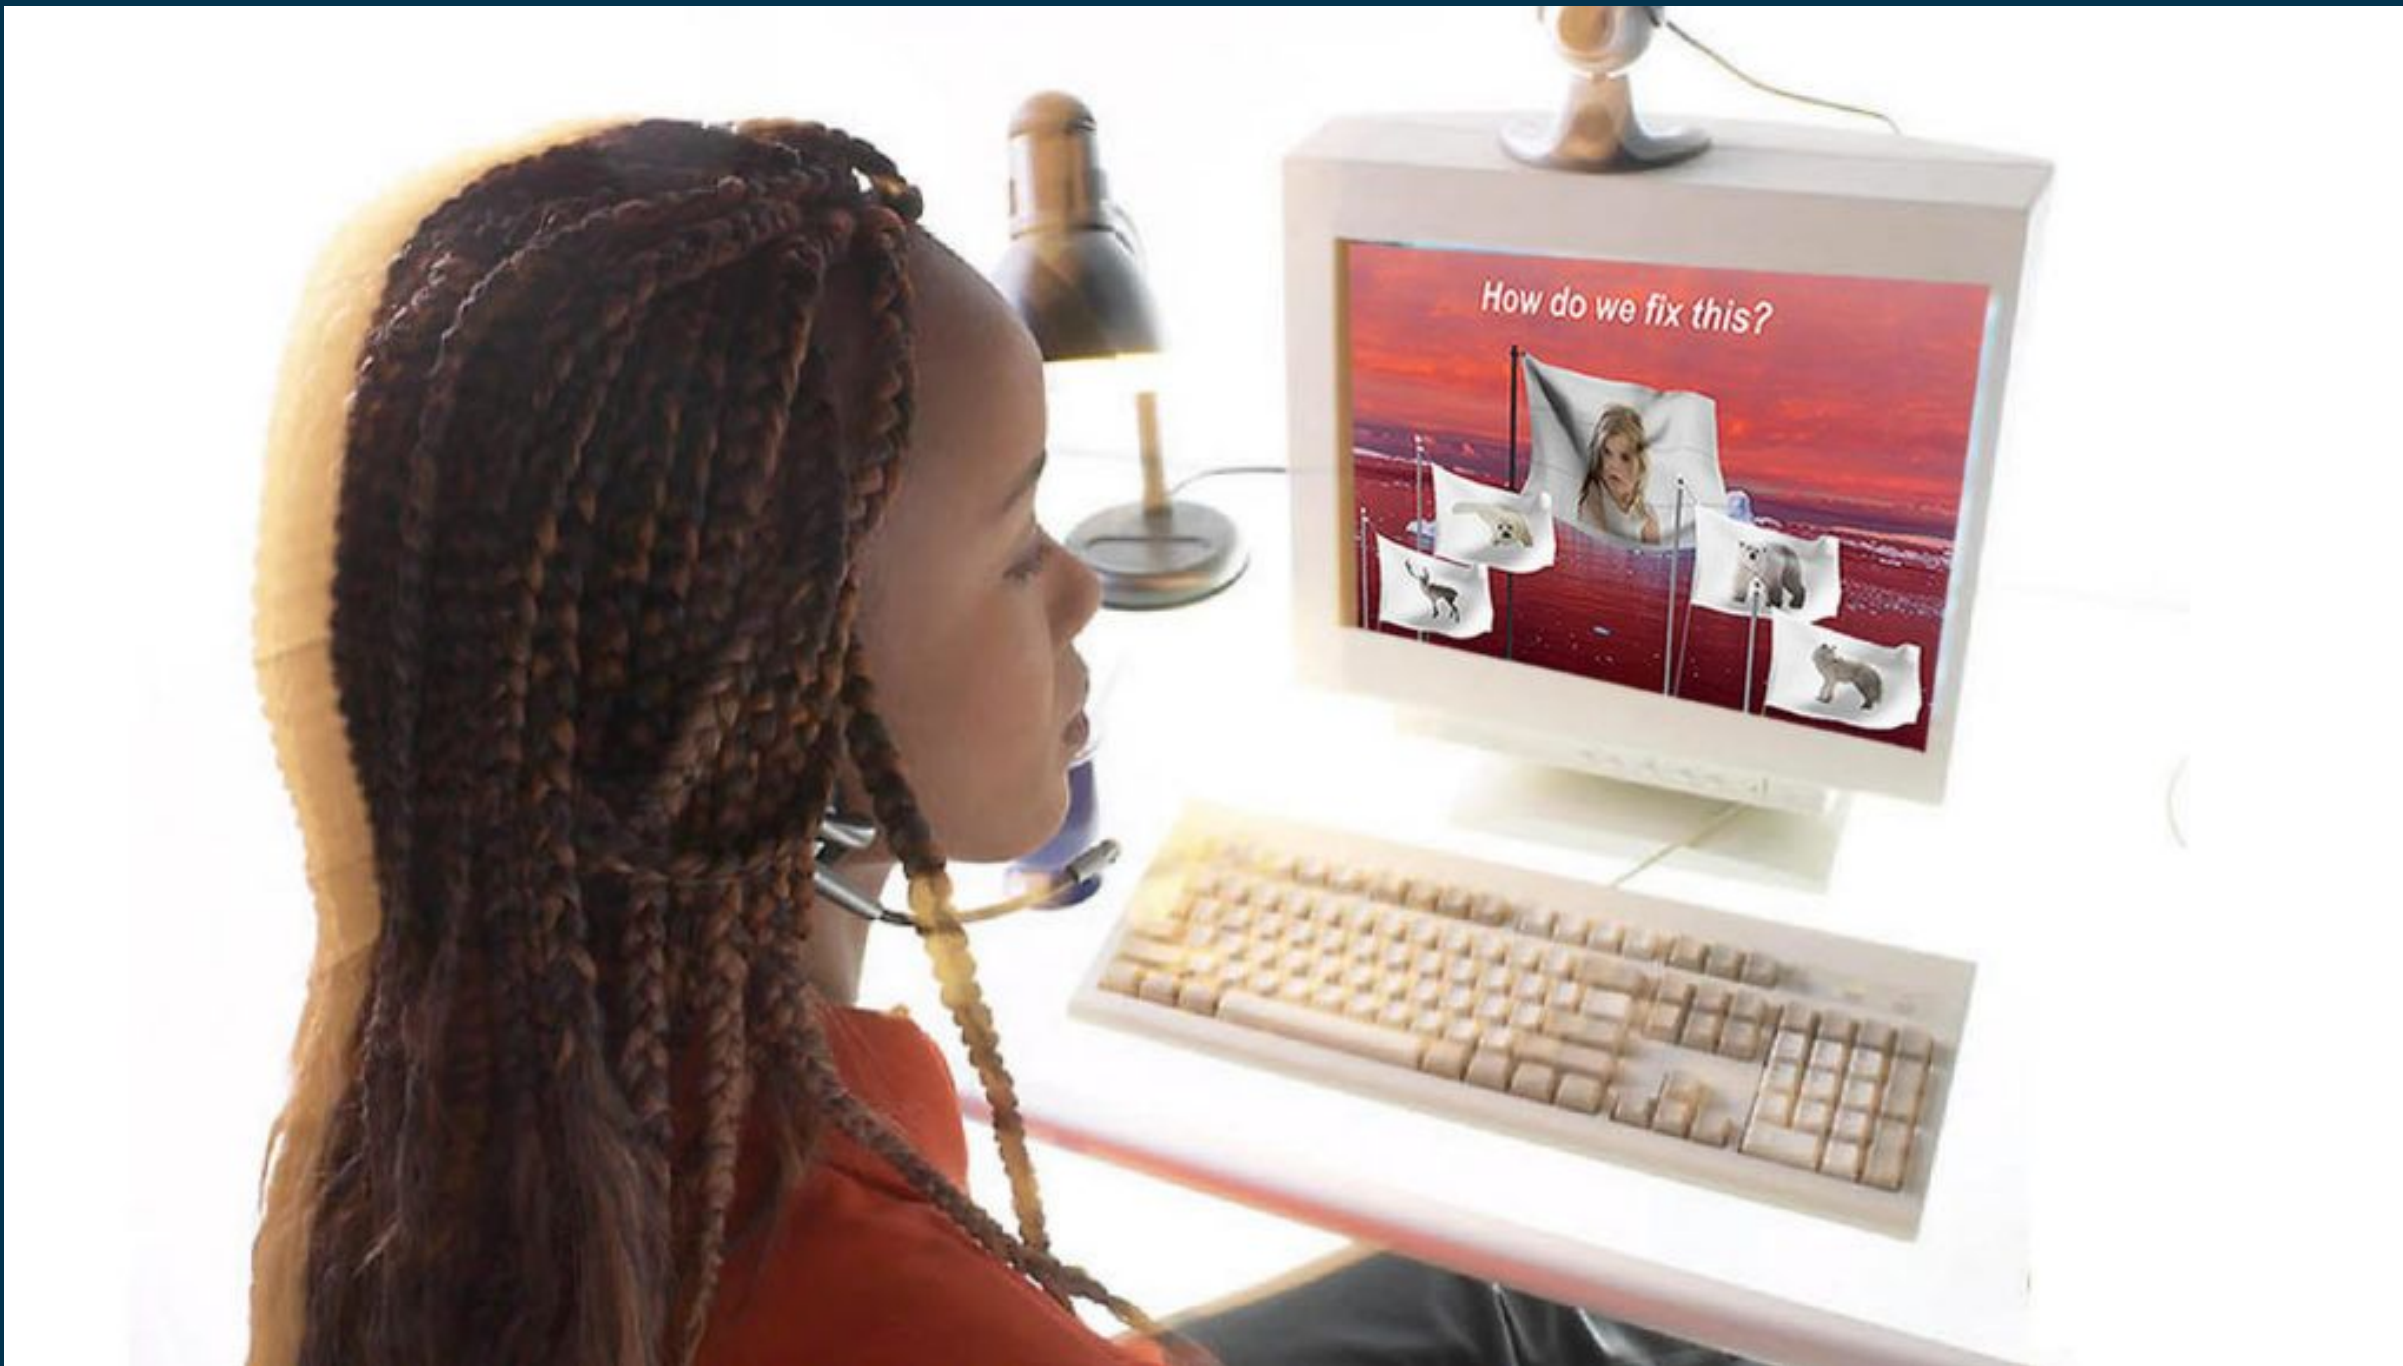

The overarching goal is to help CCI/CCL leaders around the world support local youth under 18 and youth 18-35 in becoming effective spokespersons for carbon pricing and climate income.

General outline

Part I - 55 minutes

Zoom Webinar open to the public.

Anticipate an imaginative and empowering experience.

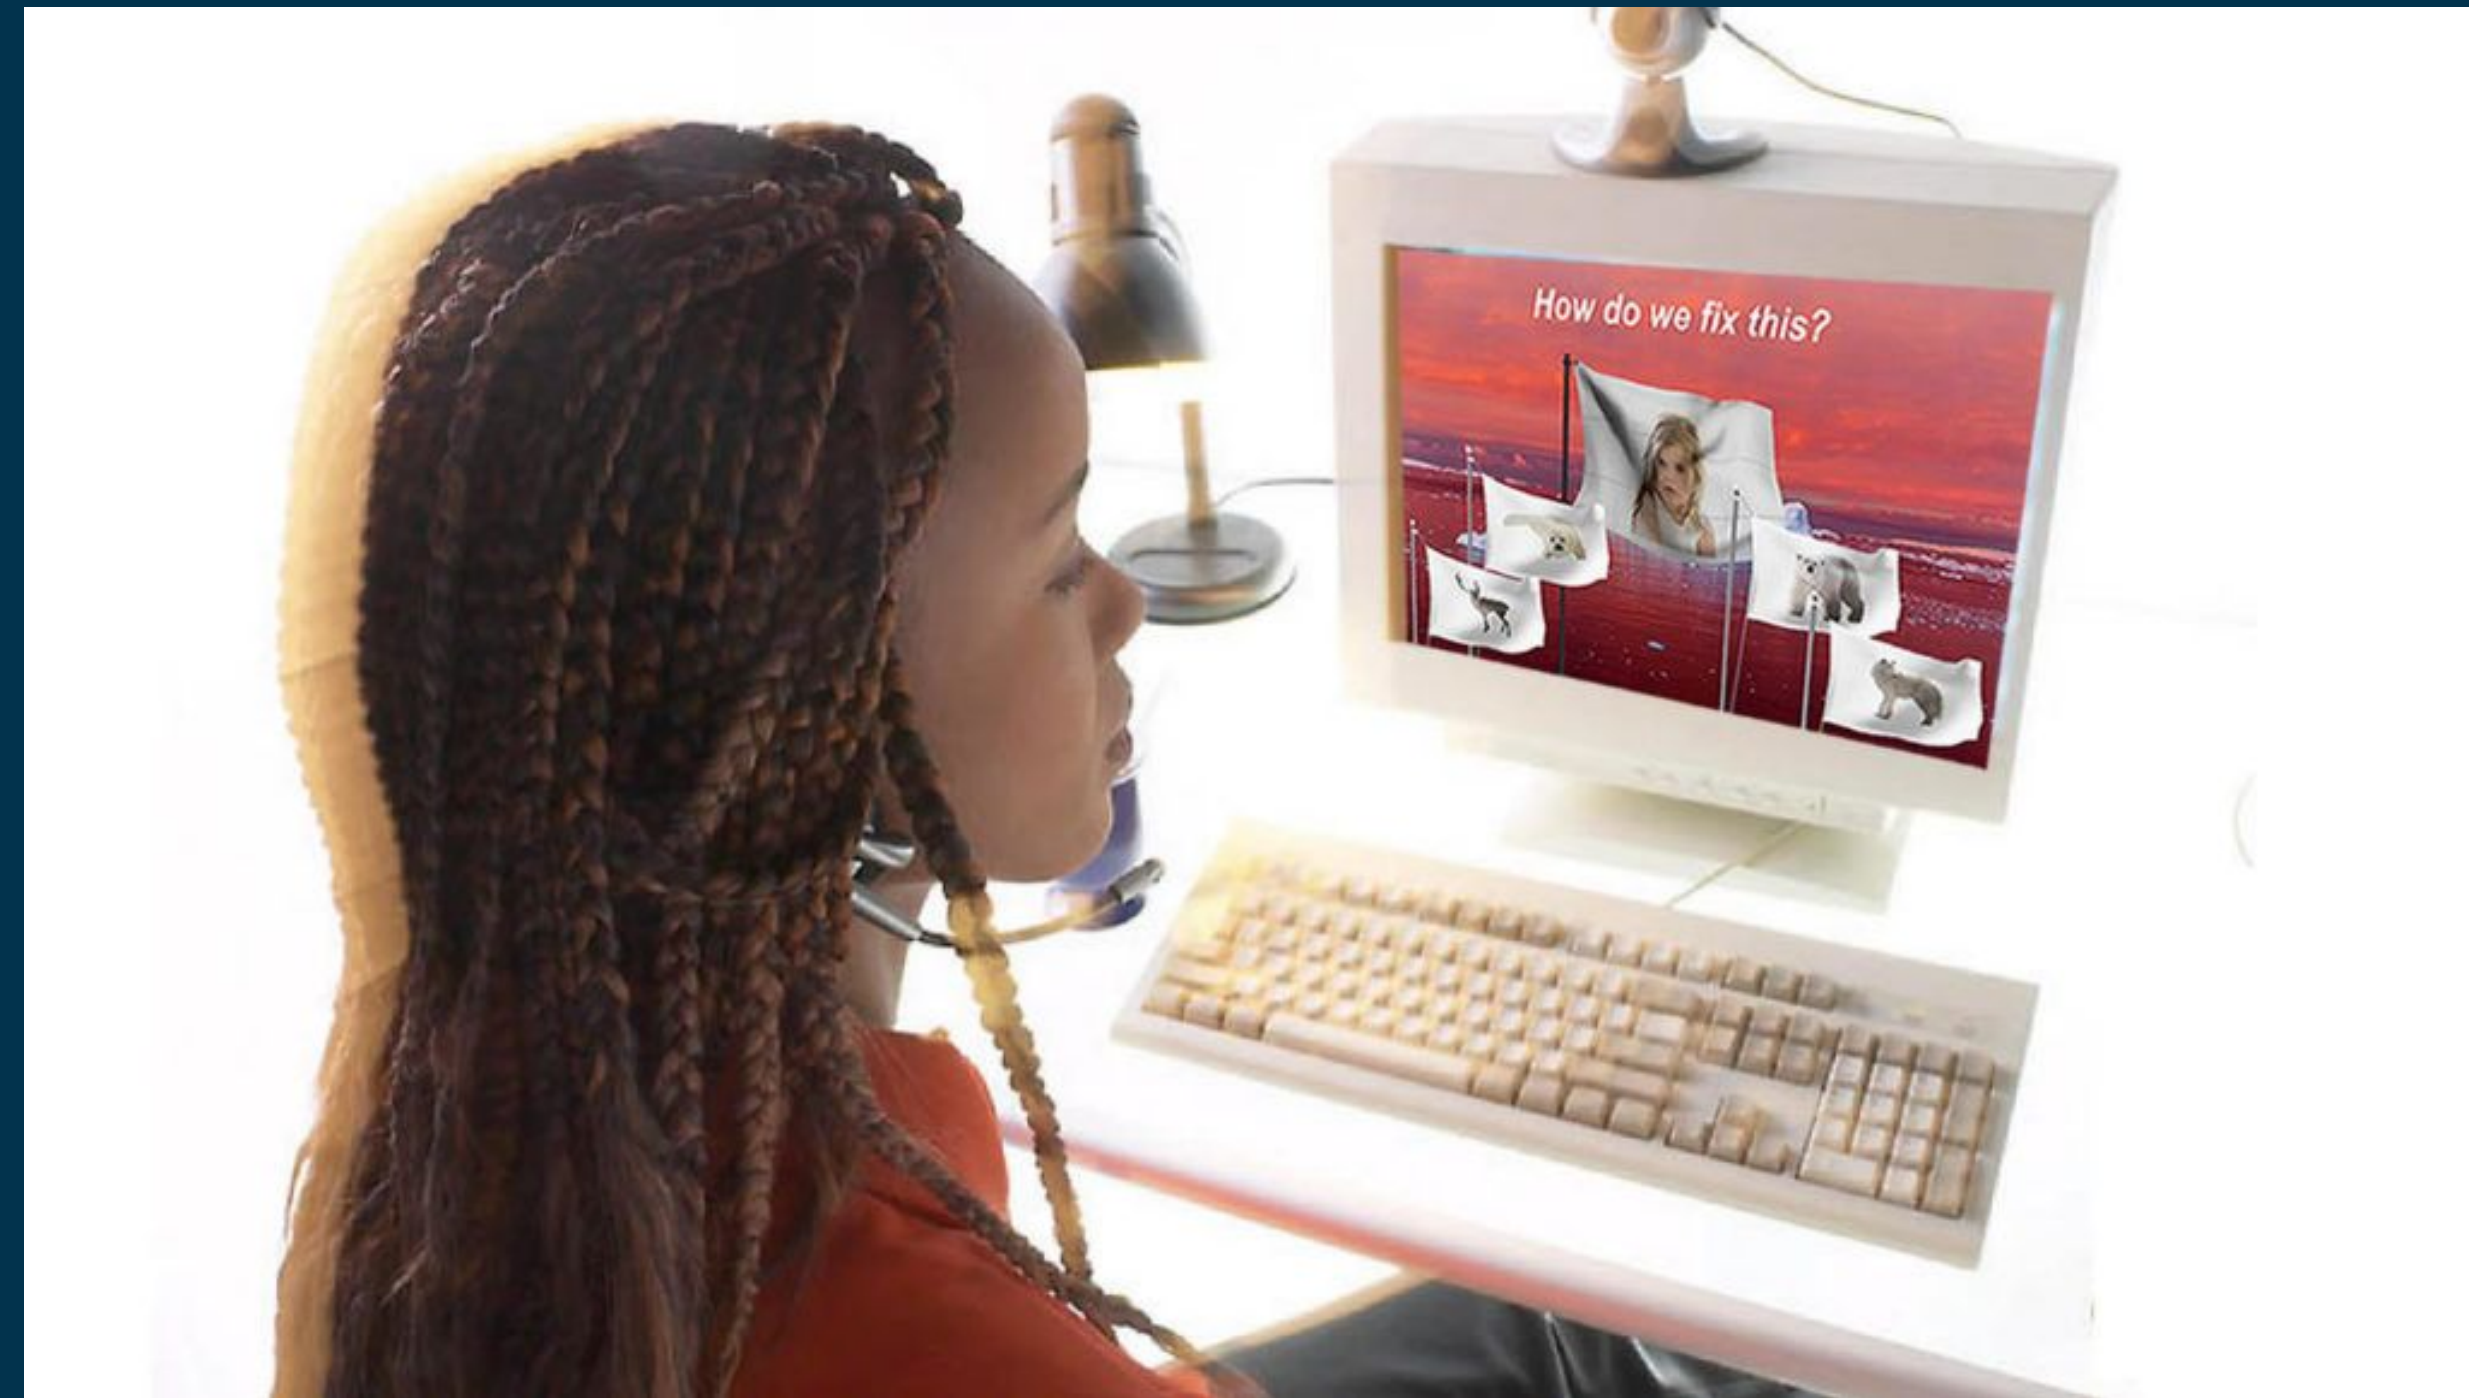

It includes a radio play produced by thespians from Letterkenney, Donegal, Ireland, based on the fantastical children's story

“Save our Ice” Seamus and the gang

Part II – 90 minutes

Closed Zoom Meeting.

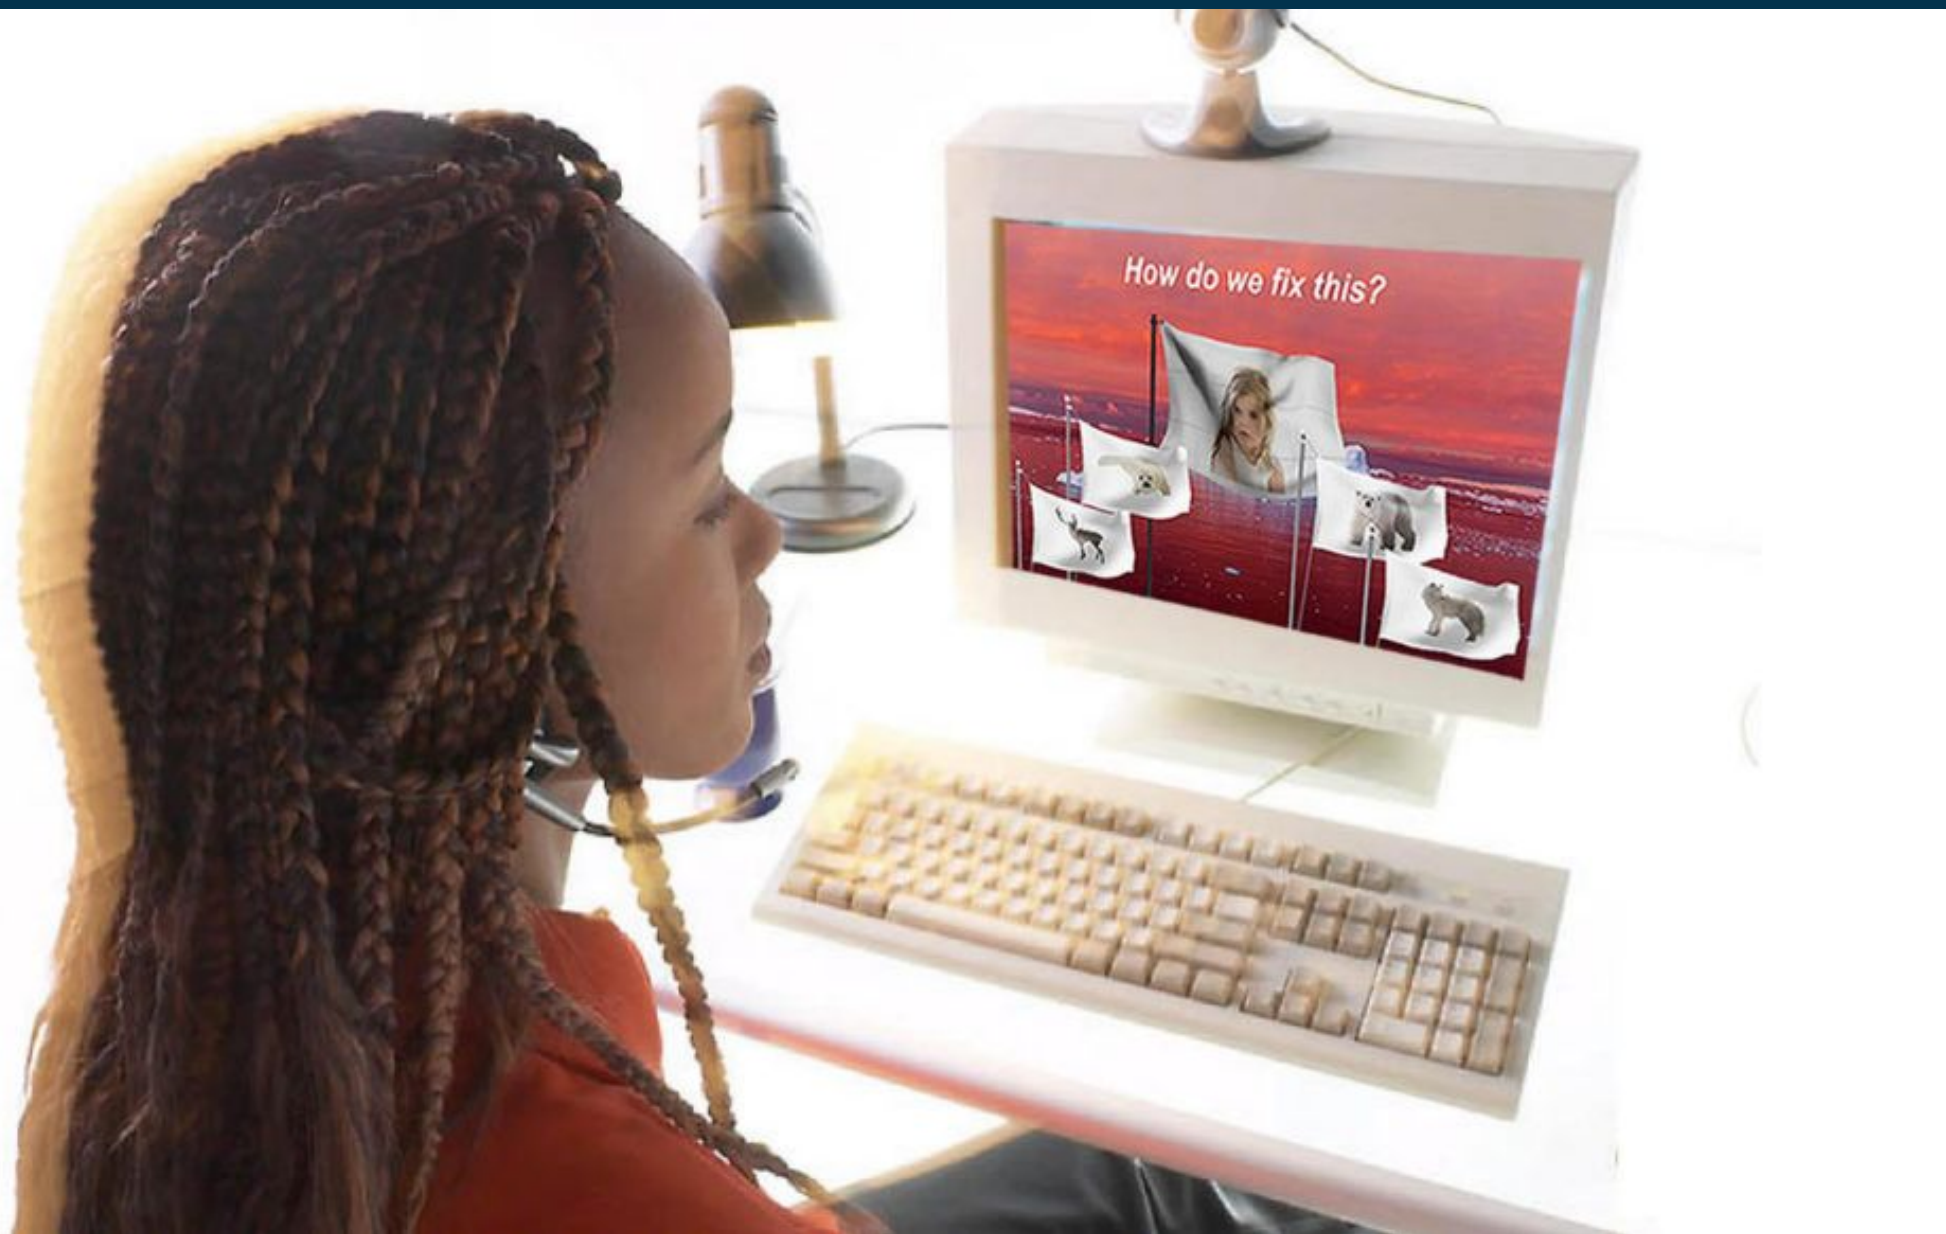

Workshops for youth, young adults, and their helpers to help them prepare for attaining the certificate by the end of 2021.

Citizens' Climate International

Shape your world. CitizensClimate.earth

Important

- 1. The youths must be CCL/CCI members or willing to join a CCL/CCI group. There is a commitment from a CCL/CCI group to support them.**
- 2. CCI/CCL Group helpers should anticipate about 10-15 hours of work between September and December helping their younger members achieve their certificate.**
- 3. Only 50 spaces are available.**

Registration closes August 14.

The Certificate

Certificate of completion will be rewarded when the youth completes 5 of 7 actions:

1. Attends the September conference and files a report in the Action Tracker on CCL Community
2. Fills in a testimonial on why they support climate income that we can post on our local, national and CCI social media channels and websites
3. Creates a short video that we can post on our local, national and CCI social media channels and websites
4. Appears in the mainstream news either TV, radio, or print and provides us with a web link or other proof of publication such as a photo and files a report in the Action Tracker on CCL Community
5. Creates a capstone document about carbon pricing in their country and files that report in the Action Tracker on CCL Community
6. Organizes an event and files that report in the Action Tracker on CCL Community
7. Lobbies a politician and/or asks a question to a politician at a town hall and files a report in the Action Tracker on CCL Community

Registration

Process

From August 1 to August 14 youth and young adults apply online to be a delegate at the conference.

Applicants and their helpers will receive confirmation by August 21. They will be sent Zoom registration forms for the Webinar and Workshops.

The general public will be sent an invitation to the webinar in late August and again in early September.

Translations

Work in Progress

We are seeking funds and technical assistance for the translation into French and Spanish as well conducting workshops in French and Spanish.

We hope to announce firm plans by August 21.
